

## **SouthWaste Services Announces Acquisition of Central Florida Processing Facility**

**Houston, TX (January 27, 2010)** – [SouthWaste Services, LLC](#) (“SouthWaste”), a portfolio company of [Rock Hill Capital](#) (“Rock Hill”), today announced its acquisition of a waste processing facility in central Florida. This fully permitted municipal liquid waste stabilization process site has a current permit capacity of 15.3 million gallons of waste material per year. The terms of the transaction were not disclosed.

“Securing a processing facility in Florida was one of our top five strategic priorities outlined nearly two years ago. This acquisition will allow [SouthWaste](#) to better serve the Florida and southeastern United States markets and will enable the Company to continue to expand its market presence”, stated Charles A. Wilcox, Chairman and CEO of SouthWaste. The permitted entity, Central Florida Disposal Interests, is located near Orlando, Florida where SouthWaste maintains a liquid waste collection operation.

“This acquisition was a nice strategic complement to our existing business”, stated Randall B. Hale, Founder and Managing Director of [Rock Hill Capital](#). Mr. Hale added “SouthWaste will continue to seek growth and expansion opportunities that fit its strategic goals and objectives.” SouthWaste continues to explore growth and expansion opportunities throughout the southern United States.

### About SouthWaste Services

[SouthWaste](#), headquartered in Houston, TX, is a leading provider of non-hazardous liquid waste collection, processing and disposal services. SouthWaste was founded in 2005 by a group of private investors. The company has since completed nine acquisitions and extended its operations to include facilities in Texas - Houston, Dallas-Ft. Worth, Austin, San Antonio, Lubbock; Orlando; Florida and Atlanta, Georgia. Typical waste streams handled by SouthWaste include grease, grit, wastewater, sewage, sludge and leachate.
